Local Built Boat Proves Seaworthy

The water installation for the Sunnyside area was the object of a protest meeting held in the Association Hall on Monday last. A very large gathering of the ratepayers showed their resentment at the manner in which the water system was being installed. A thorough investigation was proposed by Mr. McPherson who represented Reeve Schultz. The people of the Sunnyside Community have waited a long time for the essential water to be installed. They felt that no more time should be lost in being connected now that the mains were laid. It is not that since the meeting more activity is seen and soon all should be receiving the needed water.

BORN - To Mr. and Mrs. Edg
Boucher on Wednesday July 14th
in New Westminster, a son.

The annual re-election of officers was held at the June meeting of the White Rock P. T. A.

Officers elected were as follows:

Mr. S. H. Brown re-elected for third term by acclamation.

1st Vice — Mrs. J. McLean

Socials — Mrs. D. Williams

Entertainment — T. Small

Membership — Mrs. J. Shaw

Secretary — Mrs. A. McGown

Treasurer — Mrs. A. Koford

Publicity — Mrs. W. Johnson

A beach party to take the form of a Weiner roast has been planned for July 27th at 2 p.m. to be held at the beach along the shore. All P. T. A. members and their friends are urged to attend. It is requested that they bring their own weiners, everything else will be supplied.

Coffee Cup Critics Say - -

Bathing suits, or shorts"; and this was a seaside resort in the twentieth century, besides the dear thing I want to get a tan don't they?

We have absent minded gentlemen in White Rock also, one of them took a party of ladies to Vancouver the other day, when they arrived there he not only left them to do their shopping. He left them to get their hair done. He left them. They did manage to get home, however, he wouldn't know how to thank them.

Have you noticed what a habit "Cussing" has become the past few years?, not confined to the male of the species either. Its a bad habit, one must agree, and does not improve one's vocabulary, but it relieves the feelings much more than a mild "Oh Bother" or "How Exasperating", just another of those vulgar products of war. Till next month.

Sunnyside Jottings

The Sunnyside Community Association picnic will be held at Bear Creek on Sunday July 25th. Everyone is cordially invited and a good time should be had by all.

Mrs. C. Ernest has received word from England, that her mother, passed away at the advanced age of 92.

"YOU GET WHAT YOU PAY FOR"

There used to be an old Maxim, "You get what you pay for", and this held true up until the first world war. Nowadays it is simply "You pay".

The ever increasing cost of living is putting millions in the pockets of someone, but the average worker, or those in the fixed income brackets are experiencing nothing but hardship.

The excuse of "Increased wages and 'more for the producer', has rather a false ring about it when you read the pages of the financial papers and find that the profits of the big Corporations are ever on the increase.

Retailers are becoming alarmed, and are dubious at advertising their wares, for fear of scaring the public away. They contend that they are not making the profits, and we sincerely believe them. Someone is however, and big job that it is to discover who the guilty parties are, it behooves our Governments to smoke them out and publicise the facts.

Bride - Elect Honored

One of the most delightful affairs of the season was held on Friday evening July 16, at the home of Mrs. James Murray, when a miscellaneous show was held in honor of Miss June Dillon whose marriage to Mr. Victor McPherson takes place on July 30th. The rooms were beautifully decorated with roses and sweet peas, while tiny pink umbrellas were used as place cards.

The numerous and beautiful gifts were concealed in a wishing well and brought in by Miss Betty Lee and Miss Frances Murray. Mrs. T. Barrett and Mrs. Grimsby Lee assisted the hostess, Mrs. Dillon and Mr. McPherson poured for the thirty guests.

HORTICULTURAL SOCIETY

The regular monthly meeting of the White Rock and district Horticultural Society was held, Tuesday, July 13th in the United Church hall.

The growing interest and enthusiasm in the work of the society was manifested in the very large number who gathered to hear Mr. A. Spencer give an address on the preparation of both flowers and vegetables for exhibition.

Barge's Meats

Fish - Fresh and Smoked

Fresh Salmon	42c
Fresh Cod	28c
Fresh Sole	43c
Cod Fillets	43c
Eastern Kippers	28c

MEATS

Fresh Killed Fowl	40c
Roasting Chickens	50c
Little Pig Sausage	40c

Mr. Spencer expressed the importance of uniformity in and of exhibiting the exact number of specimens called for in the rules, also in the case of flowers not trying to enhance the bearing of the exhibits by extraneous ornamentation of foliage.

The final preparations were made for the flower show to be held in the new hall recently built just to the East of the business section of hilltop.

An Important Announcement from the B.C. Hospital Insurance Service To All Residents of British Columbia

It is the aim of the Provincial Government, through the B.C. Hospital Insurance Service, to provide British Columbia citizens with necessary general hospital care at premium rates which everybody will be able to afford. The Plan also provides for the establishment of hospitals on a sound financial basis and is the first step towards creating better health facilities for British Columbia. The Hospital Insurance Act states that all residents of British Columbia will participate in the Government-sponsored plan.

TIME OF REGISTRATION

Registration is compulsory and will begin early in August.

PREMIUMS

\$12.00 per annum for single persons 16 years of age and over who are supporting themselves financially.

\$24.00 per annum for Head of a family with one dependent.

\$30.00 per annum for Head of a family with more than one dependent.

Dependents—A wife, and children under 16 years of age or other members of a family group living with or apart from the Head of a family for whom he is financially responsible. Further details are provided with registration forms.

BENEFITS

Public Ward Accommodation, Meals and Special Diets, Ward Nursing Care, Operating Room Facilities, Surgical Dressings and Casts, Available X-ray Service, Available Laboratory Service, Available Physio-Therapy, Approved Drugs.

Hospital Maternity Care without a waiting period.

No restrictions on the number of times or extent of time that may be spent in hospital, so long as hospitalization is necessary.

Hospital Benefits will be available in the case of illness pre-existing the date when the Plan comes into effect.

Payment to Hospitals will be based on Hospital costs of public ward accommodation and services.

REGISTRATION AND PREMIUM PAYMENTS

Registration and payment of premiums may be carried out:

- by individuals,
- as a group,
- with the co-operation of Management.

Arrangements will be made for registration and payment of premiums under group plans, sponsored by either employees themselves or with the assistance of Management.

METHOD OF PAYMENTS

Payment may be made by one of the following ways:

- Payment in full; (b) equal monthly instalments between October and March for coverage for the full year 1949. This is intended to help those persons who cannot pay the premiums at one time.

EXEMPTIONS

All Insurance Companies, Associations and Societies providing Hospital Insurance coverage in British Columbia and persons subscribing to such plans are advised that under Section 8 subsection 1 of the Hospital Insurance Act, persons may be exempt from payment of premiums by the Commissioner, only where benefits to Beneficiaries and payments to hospitals are at least equivalent to those provided under the Act.

Unless specifically exempted by the Commissioner, persons subscribing to other Hospital Insurance Plans will still be required to pay premiums under the Government Plan. To avoid such a possibility subscribers to other plans should obtain assurance from their particular Company or Association that the conditions providing for exemptions under the Government Plan will be met. Insurance Companies, Associations and Societies intending to meet the above conditions are invited to submit all necessary details to the Commissioner, Hospital Insurance Service, Parliament Buildings, Victoria. Exemptions other than that outlined above are as follows:

- Residents of an area where provision of general hospital service is not practicable.
- Adherents or members in good standing of the Christian Science Church.

J. M. HERSHEY, M.D.,
Commissioner.

Magnesium Deficiency In Apple Orchards

Foliage symptoms of magnesium deficiency are not generally apparent until the latter part of July. The symptoms first appear at the base of the current year's growth and progress upwards. In some varieties, the most prominent foliage symptom is a yellowing beginning around the leaf margins and progressing inwards towards the mid-rib. The veins and tissue adjoining the veins remain green, producing an effect of green and yellow hands. The yellowed hands of tissue ultimately die and become brown in colour. In some varieties marginal or central blotches of dead brown tissue appear without any previous or accompanying bands of yellow tissue. The leaves become rigid and premature defoliation of the older leaves takes place. The fruit is reduced in size and has an immature appearance.

Magnesium deficiency in apple orchards is generally much more prevalent and acute on strongly acid soils which leach easily and under these conditions it is difficult to correct by soil applications of magnesium, says H. Hill, Division of Horticulture, Central Experimental Farm, Ottawa.

When the deficiency occurs on acid soils the first step should be to apply finely ground dolomite to the soil. Experience has shown that this is not a quick remedy and three years or more may elapse before any marked recovery can be noted. If deficiency symptoms have not disappeared within that period a second application of lime may be made. During the period before the dolomite limestone application is effective, immediate but temporary control may be obtained by the use of magnesium sulphate foliar sprays. Although magnesium spray treatments are permanent but delayed control is to have no carryover effect from season to season, an annual treatment will be necessary unless more permanent but delayed control is obtained by application of dolomite limestone.

Magnesium Sulphate foliar sprays for this purpose magnesium sulphate is employed at the rate of twenty pounds to one hundred gallons. This may be applied as a separate spray or may be added to the regular lime sulphur or mild sulphur arsenical sprays. If the deficiency is severe it should be included in the calyx and the first and second cover sprays.

On soils that are not decidedly acid and therefore do not require lime, soil applications of magnesium sulphate may give early response if applied at the rate of twelve pounds per tree. The frequency of applications will vary with the severity of the deficiency. If the soil application does not give immediate control the spray method may be employed.

On new orchard sites where highly acid soils are to be used for apple orchards, it is desirable to apply dolomite limestone prior to planting, working the material into the soil.

ENGLISH JOURNEY

Walter R. Legge

Article 2

ARRIVAL

We arrived at Liverpool on Saturday, April 24th.

Although the *Avonlea* docked at about half past one in the afternoon, it was several hours after before any passengers were allowed on shore.

Immigration officers came on board to examine passports, and the amount of money each passenger had was entered on the passports so that the amount taken out on the return journey could be checked. The actual interview with the immigration officers only took a couple of minutes.

When we finally got on shore the first thing to do was to trace our luggage. Each piece is placed in a section according to the initial letter of the owner, but when there are 757 passengers, each with many trunks and bags, there is a mountain of baggage under each letter, and there is a terrible scene of confusion as each one endeavors to locate his or her belongings, get them together, and try to interest a Customs officer in examining them next.

So far as we were concerned the ordeal of passing through the Customs was not difficult. A pleasant speaking officer readily questioned us as to how much tobacco, cigarettes, liquor, we had and also what we were bringing in with the intention of leaving.

In regard to what is allowed, it might be explained that a half lb. of tobacco or 200 cigarettes, or 25 cigars per person will be passed. Food is supposed to be limited to 25 pounds with not more than 5 pounds of any one article, but in

practice, almost any reasonable amount is passed without question. Reasonable quantities of clothing is passed but special attention is paid to nylon stockings and only those for personal wear are allowed.

Nylon stockings are still very difficult to obtain in England and the authorities apparently do everything possible to prevent any getting in to the country. The rate of duty here than equals the cost in Canada.

I had been advised that I might have to pay a deposit on my camera which would be returned when I left, but when the officer found it was an old camera and that I had no intention of leaving it in England it was passed without question.

While there is a certain amount of trouble and confusion in getting baggage through the authorities seem to realize the benefits of attracting tourists and they are given a minimum of trouble.

After being released by the Customs, the next difficulty is to locate a porter to take the baggage to a taxi.

To a Canadian or American, the English system of handling trunks and bags seems entirely out of date. There is no such thing as checking baggage as is done in Canada. The traveller must locate porters and personally supervise the handling of all his goods, on and off trains and everywhere. (to be continued next issue)

The Holy Trinity Sunday School wishes to thank all those who contributed to the summer treat which was enjoyed by all.

NEIGHBOURLY NEWS

Crescent Beach

Crescent Swimming Club held a trial contest among the Jr. members last Saturday. The various events were eagerly contested. Enrolled with the Club this season are 100 juniors and 60 seniors.

The Teen Towners staged a weekly dance in the Fire Hall and it was quite popular with the older folk too. Ladies of the Auxiliary to the Fire Dept. have donated benches and tables for use at these and other social events.

Remember each week there will be a dance for Club members, so join the Swimming Club and have a good time.

Mrs. L. MacGuire has returned after spending a visit with her brother and sister - in - law Mr. and Mrs. R. V. Hannah at Princeton B. C. Mrs. MacGuire is high in praise of the scenery in these parts and especially along the Hope - Princeton Highway which is nearing completion but as yet not opened to through traffic.

Mr. Luke who lives at the corner of Sunnyside and Wright Rds., reports the loss of 37 chickens, victims of some night murder. This wilful destruction of poultry is becoming a problem in these parts. If residents keep dogs, they should not be allowed to run at large especially at night. The blame lies not with the dogs but the negligent owners.

The Gyro Club held their annual picnic at Crescent Beach last week-end. They came in force, cars, children and adults, said they had a wonderful time!

We are sorry to hear that Mrs. W. E. Wickham is hospitalized. Best wishes for a speedy recovery.

The Fresh Air Camp reports a full house with 109 children and 43 women. This week-end will be the beginning of the young girls camp - ages 9 - 14 yrs. for the next two weeks.

Spending a two weeks vacation here are Mr. and Mrs. James Stoddard of North Vancouver, Miss M. Fraser of Penikese, Miss Jane Christie of Moose Jaw and Miss Margaret Spencer of Lillooet B.C.

BEAUTY HINTS

There is a right and wrong way to manicure your hands so here are a few hints that add to that well-groomed look.

Never file nails down at the corners and never cut corners. It weakens the nails and they are apt to split.

Cutting the cuticle creates hang-nails. Dip a cotton-tipped orange stick into a cuticle-remover solution and work it around the ragged skin.

To mend a split nail cover it with a piece of colorless tape, and apply a deep opaque polish over it until it has grown out.

When using a nail file always file towards the centre.

Keep the cuticle pushed back so that the dainty half-moons are always visible. Their appearance adds greatly to finger-tip charm.

HOUSEHOLD HINTS

If your skin is sore and sensitive after a day in the sun, add a little ordinary household starch to your bath water. It is most soothing.

To prevent leather bottomed chairs from sticking wash off with mild soap and water and dry well. Then rub lightly with pure olive oil and polish dry.

Metal pop bottle caps can be put to good use by nailing them, sharp side up to a board to form a handy foot scraper.

Leaves of primrose make an age-old balm to heal wounds, and the juice of lettuce coats the blood and cleanses the skin.

The Pantry Shelf

Caramel Salad

4 eggs
1 1/2 cup white sugar
1/4 tsp. salt
3 cups milk
1/4 tsp. vanilla
2 1/2 cups brown sugar
Beat eggs until light. Add sugar and salt, blending well. Scald milk, slowly add to egg mixture. Add flavouring. Beat custard mixture until well blended. Stir brown sugar and place in the bottom of one large baking dish or individual moulds, and pour the custard on top of it. Place baking dish in a pan of hot water and oven-poach in a moderate oven 250 deg. until custard is firm and a knife inserted comes out clean. Chill yields six servings.

Annual Canadian Gladiolus Show

Amateur gladiolus exhibitors are welcome at Annual Canadian Gladiolus Show, Seaforth, Armistice, Vancouver, August 18, 19, 20.

P. C. Cave, well known entrant in this Rotary Club sponsored show says: "An enthusiastic amateur can hold his own with any commercial grower, providing he won't run competition."

There will be 25,000 gladioli at the show. And Mr. Cave says all forms of spikes can be effectively used to demonstrate the decorative value of the gladiolus.

Special floral arrangements for table decoration, with harmonizing vases, will interest women at the show.

Rotary expects 100,000 to attend the show.

CARD OF THANKS

The Pitt Meadows Council wish to thank the ladies of White Rock on behalf of the citizens of Pitt Meadows for their generous help during the Flood Emergency.

Special thanks to the following ladies:

Mrs. G. M. Thrift, E. Saunders, E. Collishaw, E. Barge, D. McLean, J. Hunt, Roddick, Green, Mitchell, Brander, Miss Chandler. Also to Geo. Thrift and friend, for providing transportation.

When the sun is blistering hot and
the stove is making it hotter still
and U do O feel like cooking a
meal why U get a smart new HOT-
PLATE and make summer cooking
a pleasure instead of a torture.
We have them and just the
types U want and at the prices U
want 2 p.3.
And if U have an electric stove
have U considered some of the
smart new Stainless Steel Copper
Bottomed Saucepans that we have
for U? use, U can O appreciate
them until U O them and they are
wonderful. If time is what U want
save try a pressure cooker and
cut U cooking time in half and
taste the delicious cooking that
only a pressure cooker can give U
B U buy, drop in to Hal B. Win-
ter Hardware at Hilltop, Phone
